.Scitec Nutrition 100% Whey Isolate

~~€29.95~~ €24.95

100% WHEY ISOLATE

Supremely anabolic protein

Our 100% Whey Isolate protein formula was designed with two main goals in mind: to provide the highest possible true concentration of protein in a flavored formula, and to allow the user to ingest a protein that causes the most significant and fastest muscle amino acid influx and therefore the biggest anabolic protein synthesis boost. The special protein sources in 100% Whey Isolate have unique amino acid absorption kinetics, the whey peptides are actively transported into the bloodstream and to the muscles. Faster, better amino acid absorption and utilization equal better gains! 100% Whey Isolate protein is low in lactose, fat and carbohydrates. It's also ultra convenient because it mixes with a spoon or simply in a bottle, no blender or shaker required.

Directions: 100% Whey Isolate can be used with any meal to boost its protein content or alone under special circumstances (diet, before bed, etc.) Depending on your lean mass and nutritional needs, use 1-4 servings daily.

Size: 700 g, 2000 g

Flavors: chocolate, vanilla, raspberry, strawberry, banana, raspberry

Allergen info: Manufactured in a facility that processes milk, soy and egg proteins, and peanuts!

Supplement Facts
